FROM THE DESK OF JENNIFER RITMAN

It is with great excitement that I write to share a few things with my favorite group of professionals.

I have spent the last 30 years serving attorneys in their insurance needs with the main emphasis being their professional liability insurance. I have had an amazing career doing this and I wanted to take a moment to say THANK YOU. Your wonderful support of both myself and the agency I truly built with love has certainly given me a wonderful, rewarding career.

Feeling it might be time for a change I decided to take RITMAN to the next level and better support the clients I adore with a broader portfolio of products, specifically the golden nugget of insurance products—the ever elusive—health insurance for attorneys and their firm members.

After many conversations with agencies looking to partner with RITMAN, I have chosen **Seeman Holtz Property & Casualty.** They have been instrumental in helping me put together the team that will get us to that next *elusive* level of professional service.

Don't worry. RITMAN is still RITMAN. We will be at the same location with the same folks doing the same things we have always done but with a large national agency alongside us—we'll have more power behind the products we offer. We will be the new force behind the ISBA Insurance Agency. With our Seeman Holtz affiliation and their family of companies we can now provide just about any insurance solution to include—yep, you guessed it—affordable health insurance with some cutting edge components for the attorneys of Indiana.

So get ready—IT IS COMING—healthcare for the members of the Indiana State Bar Association and their firms. My Chapter Two for Attorneys is officially off the ground and ready to go. So give RITMAN a call and let us help you spread your wings and soar into this exciting new opportunity!

Thanks again for thirty wonderful years—here is to thirty more!

Jennifer Ritman
President, RITMAN
