

The "Original" Model CT90 Tool Better Than Ever

The Model 90 tool that started it all just keeps getting better. Aerosmith's SurePIN™ CT-90 has been redesigned for easier, faster, more flexible, and lower cost plywood to concrete fastening.

- † Easily fasten subfloor, underlayment and sleepers to concrete
- † Best method for fastening plywood, 1x's, 2x's and more to concrete
- † Designed with a flat front and a rear magazine to operate closer to walls
- † Padded grip for greater user comfort
- † Precision depth control
- † Smooth, rounded tool design protects finished walls
- † Rapid payback
- † No special training or licensing

SUREPIN™

FASTENING SYSTEM

For a Concrete Connection

The SurePIN™ System's Reliability and Consistency makes it the Perfect Tool for Installing Subfloors under Hardwood and Tile.

SurePIN™ Performs Faster and with Less Cost than Screw Anchors or Powder Actuated Tools.

For a Concrete Connection

**Smooth Shank
Plastic Collated
Ballistic Point Pins**

Shank Diameter = .145"
Head Diameter = .300"
Zinc Galvanized

Fastening Notes: Determine required pin length based on achieving 3/4" - 1" penetration into the concrete. Space pins 12" apart.

TOOL	ITEM	LENGTH	NOSE	CARTON	ATTACHED TO CONCRETE
CT9011	5323P	1-1/4"(32mm)	503-45-COL	1M	Plywood
CT 9011	5383P	1-1/2"(38mm)	503-45-COL	1M	Plywood
CT9012	5503P	2" (51mm)	503-63-COL	1M	Sleepers/Dim.Lumber
CT9012	5633P	2-1/2"(64mm)	503-63-COL	2.4M	Sleepers/Dim.Lumber

All tools come standard with 494-1 adapter.

Accessories

Air Compressor

High performance unit designed to operate two SurePIN™ tools simultaneously.
UNK15E

Air Pressure Booster

Increase and regulate air pressure with a compact, simple to use system.
UNAC4100-C

Tool Adapters

A variety of adapters are available to achieve different countersink depths.

Air Hose and Fittings

High pressure, designed exclusively for Aerosmith.
UNH3850-C

Tool Handle Extender

Operate your Aerosmith tool comfortably from a full, standing position.
UNXTNDR

Service Kits

Easy to use, tool maintenance kits.
