Installation Instructions

Step 2 Install Brackets

Once bracket locations are marked on the mounting surface begin installing the brackets

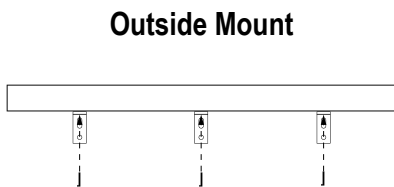

Begin installing the brackets by using the elongated hole first in case any adjustments must be made.

The brackets **must be level** to ensure proper operation of the shade.

Once the brackets are properly aligned use the second, round hole on the bracket to secure to mounting surface

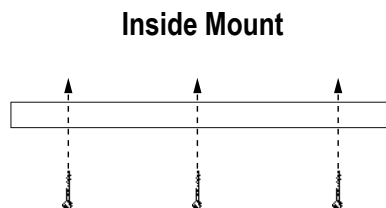

Step 3 Install Board

Once bracket locations are marked on the mounting surface begin installing the brackets

Center board on top of mounted brackets

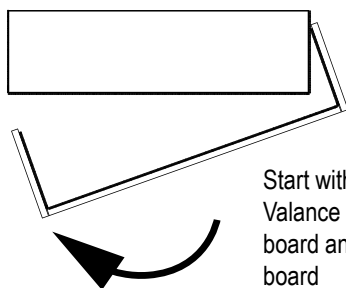

Place 3/4" screw up from the bottom of the board and into the slotted channel on bracket

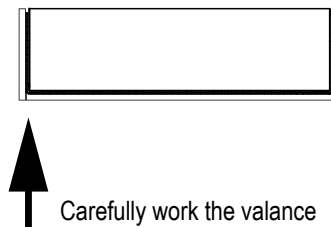

Pre-drill with a 1/8" drill bit

Run screws through board into mounting surface

Step 7 Attach Valance

Start with one end of the Valance on the end of the board and rotate onto the board

Carefully work the valance onto the board until fully seated on the velcro
