Installation Instructions

### Majesty Noble and Fabric Wrapped Valance   LAFAYETTE interior fashions™

Thank You

Thank you for choosing Genesis Custom Window Shades.
With proper installation and care, your new shades will provide many years of beauty and performance.
Before Installing

Remove shade from the package. Keep all packaging until shade operates to your satisfaction. Contents of your hardware package may vary depending on options chosen.
Additional fasteners may be needed on your specific mounting surface.

Parts

Brackets   Screws

For **Inside Mount** installations, no brackets are necessary. 3" screws are provided to secure shade directly to window opening, but they should still be spaced evenly across the board

For **Outside Mount** installations, brackets are necessary.
1 1/2" screws are provided to secure the bracket to the wall and
3/4" screws are provided to secure the bracket to the board

Step 1   **Space Brackets in Window**

Measure 2" in from each end of the headrail and mark the bracket location on the mounting surface. Space additional brackets evenly between the end brackets.

2" max   Space Evenly   Space Evenly   2" max
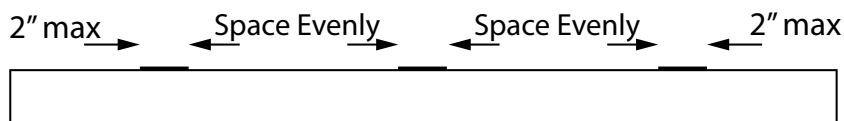

Use a Level to make sure the mounting surface is level

Step 2   **Install Brackets**

Once bracket locations are marked on the mounting surface begin installing the brackets

Outside Mount

1st
2nd
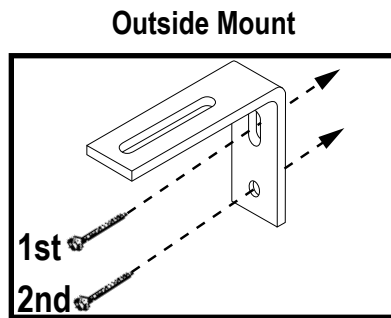

Begin installing the brackets by using the elongated hole first in case any adjustments must be made.

The brackets **must be level** to ensure proper operation of the shade.

Once the brackets are properly aligned use the second, round hole on the bracket to secure to mounting surface
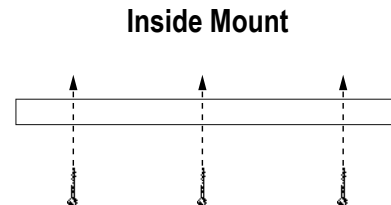

Step 3   **Install Board**

Once bracket locations are marked on the mounting surface begin installing the brackets

Outside Mount
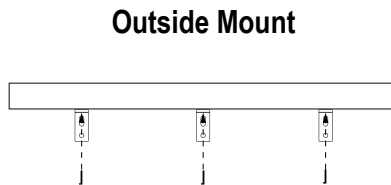

Center board on top of mounted brackets

Place 3/4" screw up from the bottom of the board and into the slotted channel on bracket

Inside Mount

Pre-drill with a 1/8" drill bit

Run screws through board into mounting surface

Step 4   **Attach Valance (Fabric Wrapped)**

Start with one end of the Valance on the end of the board and rotate onto the board

Carefully work the valance onto the board until fully seated on the velcro
