Eastridge Elementary THE CAPSULE

Mrs. Johnson's Journal

Greetings Eastridge Families!

This week third and fourth grade students finished the ELA portion of ISTEP and we celebrated with a grade level kickball game. Next week we will test and complete the math and science portions of ISTEP. Please make sure all third and fourth grade students are at school on time to prevent make-ups and missing out on the fun surprises after completing the tests.

Upcoming Dates

First grade students had a blast learning about animals from Uncle Bill's Pet Shop and Kindergarten students pepped up the third and fourth grade students with the awesome inspirational videos.

As the weather outside begins to warm up, so does the energy level of our students. Please start your child's day off right by reminding them of our CORE expectations.

Have a great weekend!

COUNSELORS CORNER

Your student may have mentioned Brainger lesson. This lesson taught students about their brains. Students learned how anger affects the brain and how to gain control of it.

Here is some data! The following data is based on the responses from 218 students that received the Brainger lesson

- ◆ 97% of students were able to identify that the **dino brain** is active when a person is angry
- ◆ 92% of students were able to identify that the **front brain** is active when a person makes good decisions, has conversations, and is able to think clearly
- ◆ 92% of students were able to correctly identify the hand signal that indicates they are in **dino brain**
- ◆ 87% of students were able to correctly identify the hand signal that indicates they are in **front brain**

I am super excited that YOUR students have taken such an interest in their own brains!

As the year draws closer to an end, I will be working with your students on transitions for the next year, what to expect, and how to prepare! Our Healing Hearts service has been very successful in helping your students cope with the loss of a loved one while still being successful in school. Also, with respect to grief, if you are interested in summer bereavement support, Camp Erin is a weekend grief camp that students may apply to attend! For more information on this please reach out to me at 317-532-3150.
