

I am excited to go back to TherAplay!
It will be a little different when I return.

I will wait for my therapist in the car.

When my therapist comes, she will wear a mask.
The mask covers her nose and mouth. Even though she looks different, I know she wears the mask to protect me from germs.

I can wear a mask too! It helps keep other people safe.

When the therapist comes to my car, she will ask a couple questions and use a thermometer to take my temperature on my forehead. It won't hurt.

Next, I will walk with my therapist to wash my hands.

Now, I can play with my therapist and ride my horse!

When it's time to leave I will wash my hands again.

My therapist will walk me back to my car and my caregiver will help buckle me in.

I did a great job! I can't wait to come back again.
