

Children's TherAplay
The Children's TherAplay Foundation, Inc.

Mission Statement

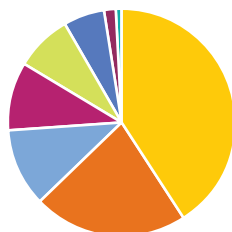

The mission of The Children's TherAplay Foundation is to provide children with special needs a foundation for developing life skills through innovative therapies, including equine-assisted physical and occupational therapies, in a safe and caring environment.

Geographic Service Area

Children's TherAplay serves children across central Indiana, from cities ranging from Logansport to Greenwood, West Lafayette, and Selma.

Number of employees: 15

Annual revenue: \$1,789,268

Year established: 2001

Goals

Our goals spring from our vision that The Children's TherAplay Foundation be nationally renowned as a leader and educator in hippotherapy. In 2019, we will strive to...

- (1) Serve our patients even more effectively by renovating the facility to include a treatment area for life skills as well as dedicated rooms for patient evaluations and family consultations.

- (2) Continue to strengthen our community partnerships so we can serve as an even greater resource for children with special needs and their families.
- (3) Contribute to the field of pediatrics, especially in regards to the treatment strategy of hippotherapy, by providing physical and occupational therapy students with real-world experience during their fieldwork.

Opportunities

FUND

- **#Horsepower500** (May 6, 2019) Cheer along as IndyCar drivers, including 2018 series champion Scott Dixon, and the kiddos compete in the greatest spectacle in adaptive tricycle racing!
- Our signature event: **The Hoe-Down** (Sept 21, 2019). The mechanical calf-roping, dancin', legendary auctions, saloon, and more make for a boot-scootin' good time.

Visit www.childrenstheraplay.org to learn about all our events.

VOLUNTEER

The services we provide at Children's TherAplay would not be possible without the support of the

dedicated volunteers who assist with so many different tasks.

Learn more and get started at www.childrenstheraplay.org/volunteer.

GIVE

Each physical or occupational therapy treatment costs Children's TherAplay \$182, yet the average insurance reimbursement is only \$99.

You can help fill that \$83-per-treatment gap and ensure that children with special needs continue to have access to these life-changing therapies. Contact Executive Director Kathy Pelletier at kpelletier@childrenstheraplay.org or 317-616-1117.

Physical and Occupational Therapies with Horsepower

**Your support changes lives for
children with special needs**

“Emmett has overcome so many obstacles this past year. When first starting [occupational therapy at] Children's TherAplay he could not sit in a chair without falling over. Now [he is] playing along the side of his peers. ... It has been a beautiful sight to watch him grow with the help of everyone at Children's TherAplay.”

—Emmett's mother, Aryel
