

Children's TherAplay Hoe-Down Silent Auction

About The Children's TherAplay Foundation

Children's TherAplay is a non-profit outpatient rehabilitation clinic for children with special needs. We incorporate the movement of horses, through *hippo-therapy*, into physical and occupational therapies for Central Indiana kiddos ages 18 months to 13 years.

Giddy-up for the 2018 Children's TherAplay Hoe-Down!

At the Hoe-Down—to be held on Saturday, September 22—more than 650 guests come out to enjoy the live music, dancing, tasty vittles, mechanical bull-riding competition, and live and silent auctions.

Something exciting to note: Thanks to online/mobile bidding, all our guests and the entire database and social media family will have their eyes on the silent auction. What a fantastic opportunity to shine a spotlight on your item!

Your support matters

Each hour of treatment costs Children's TherAplay \$183; however, the average health insurance reimbursement is only \$101. We need your help to cover that \$82 per-treatment funding gap to continue providing life-changing therapies for children with special needs.

From a Children's TherAplay mom

"Children's TherAplay has been an amazing tool for Laila's success! Her balance, strength, coordination, and motor planning have improved so much that she can safely climb stairs, navigate various environments, and play on playground equipment with little to no assistance now. ...We definitely consider physical therapy at Children's TherAplay to be a blessing!"

— Laila's mom, Victoria
