Giddy Up & Grow Update: August 2020 Updates

Welcome to the Waiting Room and Family Viewing Area! This space will be welcoming, comfortable environment for parents and caregivers to watch their kiddos during hippotherapy. The Viewing Area will be complete with desks to do work while watching!

To your right is our new gymnasium! This space is MUCH larger than our current gym space, and will house a rock wall, climbing gym, swings, and much more!

Children's TherAplay

The Children's TherAplay Foundation, Inc.

Here we have one of our private evaluation rooms! These rooms are so important for the privacy of our kiddos and their families, and for therapists to be able to evaluate and treat a kiddo in a non-distracting setting, away from the larger gym spaces.

We're so exciting for nice long hallways for kiddos to practice bike riding inside! This hallway leads to our bike storage space. We can't wait for ALL the storage space!!
