

Community Partnerships

"It takes a village..."

We can't always rely on local, state, or federal government or resources to take ownership of the issues that we face locally. We need to work as a community to nurture our schools for our particular community needs.

MSD Warren believes the answer to real education/school transformation is strong, authentic community connections and actions. When families, community groups, businesses and schools band together to support learning, young people achieve more in school, stay in school longer, and enjoy their experiences more.

Great examples of school/community partnerships are happening all throughout Warren Township. We are extremely grateful for the Rotary Club, YMCA, FENA, Warren Township Economic Development Association, Eastside Redevelopment Committee, City of Indianapolis, Community Health Network, Adidas, and so many more organizations, for their continued support and collaborative efforts for the students, families and community members of Warren Township. We need more of them, and we need to ensure they are healthy and relevant to the needs of 21st century learners.

David Holt CFO, MSD of Warren Township
