

INTRODUCING THE NEW

ULTRASPEC[®]

SERIES

VICTORY

ALL NEW **V-TEMP™** ELECTRONIC CONTROL

► **SUPERCOOL MODE:** Initiating this feature provides a “constant on” refrigeration condition for when food has just been loaded into a refrigerator and needs to be quickly brought back down to a safe temperature protecting your costly food investment and extending product shelf life.

► **ENERGY SAVING MODE:** Automatically activated during periods when the kitchen is not operating. After four hours of no door openings the cabinet will revert to the energy saving mode.

► **FLEXTEMP MODE (OPTIONAL):** This option gives you the ability to select a unique temperature from 28° F to 40° F for multipurpose applications.

► **HACCP EVENT INDICATOR/MEMORY**

FEATURE: The new **V-TEMP™** electronic control has a real time clock that records all temperature alarm events, allowing the user to display the date, time, and the duration of the alarms. The HACCP memory feature can record up to 9 alarm events and will keep the data for at least 48 hours in the event of a power failure.

► **MANAGER'S LOCKOUT FEATURE:**

This feature prevents unauthorized employees from changing programmed settings on the control panel.

► **USB DATA RECORDER (OPTIONAL):**

Allows for the recording of up to 1 year of HACCP data from the controller and downloading data to a text document via USB.

ADDITIONAL V-TEMP™ CONTROL FEATURES:

- Easy Access On/Off Button
- Quick Change Temperature Set Points
- One Touch Manual Defrost
- Fahrenheit or Celsius Display
- Clean Condenser and Compressor Protection Alarms
- MODBUS Communications Protocol Compliant
- Maintenance LED Indicator
- Light On/Off Button (Glass Door Models)

This **New ULTRASPEC® Series** is our latest generation of heavy-duty, institutional grade storage refrigeration. Each model offers the ultimate in design, efficiency, durability, and overall performance.

Our complete specification line is now available: Reach-Ins, Roll-Ins, Pass-Thrus, Extra Wide, Extra High, Shallow Depth, Dual Temps, Air Curtains, Fish Files, Under Counters and Griddle Stands.

ENHANCED DESIGN FEATURES

▶ FRONT-OF-THE-HOUSE DESIGN:

The sleek, modern design is ideal for display kitchens where appearance is important.

▶ LOW PROFILE VERTICAL HANDLES:

The new vertical handles are ergonomically correct and guaranteed for the life of the cabinet, allowing a strong, firm door pull.

▶ PROXIMITY DOOR SWITCH:

Activates the interior lighting, door ajar LED/alarm indicators, and ENERGY SAVING MODE. Also controls fan speed when door is opened to reduce ambient air infiltration.

▶ FLIP-UP FRONT GRILL:

The front grill is designed to flip-up to facilitate condenser cleaning and periodic maintenance.

▶ MAXIMUM SECURITY DOOR HARDWARE:

Designed to provide enhanced security with a positive locking feature to help protect your costly food investment.

▶ EC FAN MOTORS:

With dual speeds, these state of the art fan motors are more efficient, more reliable, and quieter than conventional fan motors.

Victory is the first choice of food service professionals for use in colleges, universities, hospitals, schools, prisons and fine restaurants everywhere.

ULTRASPEC® SERIES STANDARD FEATURES

- High Performance, Balanced, Top-Mounted Refrigeration
- Environmentally Safe Refrigerant R-134a for Refrigerators, R-404A for Freezers
- Energy Efficient, Dual-Speed EC Evaporator Fan Motor(s)
- Foamed-in-Place Polyurethane Insulation
- Entire Case Front and Door(s) are Stainless Steel
- Stainless Steel Door Liner
- Stainless Steel 6" High Adjustable Legs
- Self-Closing Door Hinges with a 120 Degree Hold-Open Feature
- Corrosion Resistant Plasticized Evaporator Fin Coils
- Non-Electric Condensate Disposal System, No Plumbing Required
- Self Adjusting, Snap-In, One Piece Magnetic Door Gasket(s)
- Anti-Condensate Door Perimeter Heaters
- Energy Saving Thermal Breaker Caps – Lifetime Guarantee
- Door Opening Accepts 12" x 20" and 18" x 26" Pans
- Three (3) Epoxy Coated Wire Shelves per Cabinet Section
- NEMA 5-15 Plug on 115 Volt Models of 12 Amps or Less
- 3 Year Parts and Labor Warranty
- 5 Year Compressor Warranty

ULTRASPEC® SERIES OPTIONS AND ACCESSORIES

- Two Half-Size Solid Doors
- Full and Half-Size Glass Doors
- Remote Models
- Prison Package
- Stainless Steel Case Back and Shroud
- Fluorescent Lighting
- LED Lighting
- Stainless Steel Shelves
- Set of Four (4) 6" High Swivel Casters
- Exterior Laminate Décor
- USB DATA Recorder
- FLEXTMP Refrigeration System
- RS-485 Serial Interface
- Extended Service Warranty
- Optional Voltages
