## **The mission**

This year's mission is victory over cancer with the V Foundation. The V Foundation is a charitable organization dedicated to saving lives by helping to find a cure for cancer. The focus of the V Foundation is to make a difference by generating broad based support for cancer research and by creating urgent awareness among all Americans of the importance of the war against cancer.

## **The Foundation**

The V Foundation for Cancer Research was

founded by ESPN and Jim Valvano in 1993. Since then, the foundation has raised more than \$150 million and awarded cancer research grants in 38 states and the District of Columbia. The V Foundation started with a dream of Jim Valvano, the passionate and committed former NC State basketball coach and award-winning broadcaster, as he battled cancer.

There is more than just one type of cancer. Which means that there is more than one way to fight it. The V Foundation

is unique in that their grants go to funding cures for an array of different cancer types.

## **Every. Single. Penny.**

The V Foundation proudly pours 100% of the donations into the benefit of cancer research!
