The Future Begins Here  
Innovate • Educate • Inspire

METROPOLITAN SCHOOL DISTRICT OF WARREN TOWNSHIP

December 2018

Dear Warren Family,

During the 2017-18 Legislative Session, State Lawmakers passed Senate Bill 355, which required all public schools to provide age appropriate research, evidence-based instruction, and child abuse education and policies on child abuse and child sexual abuse to students in kindergarten through grade 12.

Beginning on December 17, 2018 your child's school will be using the *Think First & Stay Safe* child personal safety program. *Think First & Stay Safe* teaches students skills to help them stay safe. Presentations will be given by the Indiana University School of Social Work, Marion County Department of Child Services, and Warren staff and administration. Our learners will be taught the importance of treating one another with kindness and respect. They will also learn about personal boundaries and their right to have their boundaries respected by others. The program's interactive lessons help children differentiate between healthy and unhealthy behaviors. The program gives students regular reminders that trusted adults are available to help with their safety, and are available to talk to any time.

If you have any questions about the Think First & Stay Safe curriculum, please do not hesitate to contact your building principal.

Working together, we can all help to ensure the health and personal safety of our children.

Sincerely,

James Taylor, MSW

Director of Student Services
